

TUESDAYS AT 2PM
ON WEBEX

Experts on Groundwater- and Soil Remediation

INSIGHTS FROM PRACTITIONERS

- ◇ At VEGAS, we develop in-situ groundwater- and soil remediation technologies.
- ◇ The presentations are aimed to provide insight into real-world remediation projects and processes.
- ◇ The presenters are recent graduates of the Institute for Modelling Hydraulic and Environmental Systems.
- ◇ Allotted time for each presentation with discussion: 90 minutes.

Online Presentations

12. January 2021

Dr. Benjamin Faigle,

Züblin Umwelttechnik

“Remediation Projects for Soil and Groundwater

– Insights Into Real-life Examples”

<https://unistuttgart.webex.com/unistuttgart/j.php?MTID=mb71919c1f654a922c9d6e315b316d383>

19. January 2021

Dr. Sandra Vasin,

Landeshauptstadt Stuttgart,

Amt für Umweltschutz

“Management of Contaminated Sites in Stuttgart – Approaches for Sustainable Urban Development”

<https://unistuttgart.webex.com/unistuttgart/j.php?MTID=mfc764c3d87698a2180f018ecb05d0fd4>

26. January 2021

Tobias Heitmann,

Arcadis Deutschland

Remediation by Soil Exchange / Dig&Dump
